**MEETING OF COMMITTEE**

The committee to have been named  
by a committee appointed at the meet-  
ing of the farmers of the county on  
last Tuesday afternoon, met on Sat-  
urday afternoon in the Chamber of Com-  
merce. The committee is composed  
of the following persons, Hon. Stanley  
F. Reed, Dan H. Lloyd, L. E. Smoot,  
R. T. Kirk, Pat Comer, James Finch,  
Mrs. Jennie Ziegler and Mrs. Eugene  
Merz. They discussed plans for in-  
creasing production of crops.

**STREET CLOSED**

By Circuit Judge C. D. Newell in the  
Mason Circuit Court on Saturday  
and Work Will Begin Closing  
the Thoroughfare Soon.

In the Mason Circuit Court on Sat-  
urday Judge C. D. Newell in the case  
of the City of Maysville against E. T.  
Kirk, J. C. Rogers, C. & O. Railroad,  
Ed Richeson and Sallie W. Burgess,  
ordered that the northern end of  
Lower street be closed. This street is  
one of the most noted in the city, hav-  
ing occupied the limelight for the past  
several years.

The judgment was as follows:  
"It is adjudged that the northern  
end of Lower street, commencing at a  
point 170 feet North of the Northern  
curb line of West Second street and  
extending North to the Ohio river  
within the square of ground in the  
First Ward of the City of Maysville,  
Kentucky, which square is bounded on  
the North by the Ohio river and on the  
South by West Second street and be-  
ing the Northern block of Lower  
street, running from West Second  
street on the South to the Ohio river  
on the North and being bounded both  
on the East and West and directly ad-  
joining and abutting the property  
owned in fee and in possession of the  
C. & O. railway, a corporation, be for-  
ever closed as a public street of the  
City of Maysville. This judgment may  
be executed at once."

Work on filling the street will begin  
immediately. As soon as the street  
is filled the present freight depot will  
be torn down and work on the new  
passenger station will begin. The  
plans of the new depot may be seen at  
the office of the Chamber of Commerce  
on West Second street.

In the court in the case of Florence  
Barnett's administrator against Dr.  
Leslie Brand the plaintiff produced a  
motion for a new trial, which was or-  
dered filed.

**MISS BARBOUR COMPLIMENTED**

We take from the Cincinnati Com-  
mercial Tribune the following notice  
of a Recital at Conservatory of Music  
by Miss Elizabeth Graham Barbour:  
Miss Barbour's playing of the Tan-  
gic arrangement of the Bach toccata  
and fugue was forceful and magnetic,  
and she won much success by her  
Chopin group, comprising two études  
and the G-minor ballade. It was in  
her novelty numbers, "Meditation" of  
Tschaiakovsky and "España" by Chab-  
rier-Chevillard that she made particu-  
lar appeal, her artistry, rich tem-  
peramental and technical resources  
lending themselves with especial sym-  
pathy and enthusiasm to these num-  
bers. Miss Barbour is an accom-  
plished pianiste, whom it is always  
a pleasure to hear.

Miss Barbour will play in the near  
future in a concert at our Woman's  
Club.

**HAD NARROW ESCAPE**

Mr. Horace Crawford of the county,  
had a very narrow escape for serious  
injury and possibly death on Saturday  
afternoon about 4 o'clock. Mr. Craw-  
ford was going up Front street, an  
eastbound freight train coming at the  
same time. The horse Mr. Crawford  
was driving scared at the train and  
started running, very close to the cars.  
The young man was thrown from the  
buggy and was being dragged between  
the buggy and the train. Mr. George  
Grey, local tobacco man, caught the  
horse and stopped it, but not before a  
gonioid in the train had struck the  
buggy, demolishing one of the wheels.  
Mr. Crawford certainly owed his es-  
cape to Mr. Gray, who had presence  
of mind enough to stop the frightened  
horse.

**GOES TO HUNTINGTON**

Miss Amy King left over the C. &  
O. Sunday morning for Huntington,  
W. Va., where a lucrative position has  
been offered her in the offices of En-  
slow, Fitzpatrick and Baker, promi-  
nent attorneys of Huntington. She  
was accompanied by Miss Emma  
Schwartz, who will return today. Miss  
King besides being an expert steno-  
grapher, has been a faithful and val-  
ued member of the Christian Church  
choir for several years and her ser-  
vices will be greatly missed at this  
popular place of worship, where the  
music has always been of a high and  
pleasing order, due, in a great mea-  
sure, to her ability and cooperation, as  
she was seldom absent from her place.

"Some flowers have fragrance, while  
others do not. The fragrant flower is  
the most delightful. Most talking ma-  
chine music may be likened to the  
non-fragrant variety while the New  
Edison Ro-Creation of music are of  
the fragrant variety."—Hugh C. Wil-  
son, Peekskill, N. Y. Have you sub-  
mitted your opinion?  
J. T. KACKLEY & CO.

Mrs. James Frost was taken sud-  
denly ill at her home on East Second  
street Saturday with appendicitis, and  
was removed to Maywood Hospital for  
operation. She is reported as im-  
proving this morning.

**UNION REVIVAL**

Discussed at a Meeting of the Min-  
isters and Laymen of the Evan-  
gelical Churches in the First  
Presbyterian Church Yes-  
terday Afternoon.

A meeting of the ministers and lay-  
men of the evangelical churches of the  
downtown district was held yesterday  
afternoon at 2:30 o'clock in the First  
Presbyterian Church for the purpose  
of discussing the matter of holding an  
union revival in this city next fall.  
About thirty men were present. The  
Rev. Will B. Campbell, pastor of the  
First M. E. Church, South, presided  
over the meeting.

The Rev. O. G. Rangan, of Vance-  
burg, a member of the Honeywell  
Evangelical Party, was present at the  
meeting, representing that company of  
workers. He answered all questions  
pertaining to the revival cost, place  
of meeting, etc.

Plans were first discussed of the  
place of holding the meeting. Mr.  
Rangan stated that it would be best  
to build a tabernacle, which would  
hold about 2,000 people. This plan  
was given up however on account of  
the fact that no vacant lot could be  
secured in the city, which was not  
near the railroad. The cost of erect-  
ing a tabernacle would be about \$1,000.  
The meeting will be held in one of the  
large tobacco warehouses in the East  
End of the city. Several have offered  
their homes.

The cost of the revival would be  
about \$2500. It would be held in the  
early part of the fall.

After discussing the matter to some  
length, during which time nearly all of  
those present spoke as being in fa-  
vor of the revival, a committee was  
appointed composed of the ministers  
and one lay member of each church  
to wait upon the congregations of the  
various churches and report their at-  
titude in the matter.

"Sometimes, placing a record on  
my New Edison, I sit down to read.  
But the music is so real, so compell-  
ing, that I am unable to read. Be-  
sides, the artist seems so truly pres-  
ent that I feel uncomfortable disor-  
tious in failing to give complete at-  
tention. Music from no other kind of  
phonograph effects me in this man-

## HOW THE COST OF WAR MAY BE EQUITABLY SUSTAINED

The President's plan of financing war preparations and war expenditures through credits that shall be "sustained, so far as they can equitably be sustained, by the present generation by well conceived taxation" is not favorably received in financial and business circles. It is the first time in our history that such a policy has been advocated, much less put in force. The national debt contracted in the War of the Rebellion, 1861-1865, was not saddled upon the people of that period. It has been shared by two later generations, and is not yet wholly wiped out.

No one can tell what the war expenditures beginning in 1917 will amount to. The war has now lasted thirty-three months. It has already increased the public debts of the fighting countries more than one hundred billion dollars and the burden keeps on growing at the same tremendous rate. The people of the present generation in Europe could not possibly pay that immense aggregate of national indebtedness. A large part of it will be passed along to coming generations to pay. So it should be with our country. Let future generations pay their rightful share of the expense of a war waged for the benefit of all future generations.

The Congress of the United States is the rightful judge of the time when, and the manner in which, the coming additions to our national debt shall be paid. It is through the Congress that the American people speak. The President can only advise; it is Congress that must act. Congress will determine to what extent war expenditures are to be met by direct taxation which shall be borne by the present generation, and to what extent the money shall be obtained through bond issues which in part will be a charge upon later generations.

Congress can, if it will, so adjust the sources of income as to materially lighten the burden of direct taxation and transfer a large portion of that burden to the shoulders of foreign producers seeking to compete with an undersell American producers in the American market—that is, by a material increase in the present tariff duties. In that case an important portion of the added revenue would be paid by foreigners and not by the American people, and to that extent the burden of taxation would rest more lightly upon the present generation of Americans. Bond issues we must have; direct taxation we must have, but we should have also a Protective Tariff that will be of double help, first, by mitigating the rigors of direct-taxation, and second, by protecting American labor and industry against the unfair and injurious invasion of the cheaper products of foreign countries. In that way can the cost of war be most equitably sustained by the present generation.

The policy of Protection will assert itself by insisting upon an increase of customs duties before bond issues are resorted to by Congress.

A man who lives right, and is right, has more power in his silence than another by his works.

FOUR WEEKS  
IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 2344 W. 12th St., Cleveland, Ohio.

OLD GLORY OVER WESTMINSTER  
—AMERICAN PARTISHERSHIP IN WAR CELEBRATED IN ST. PAUL'S CATHEDRAL.

London, April 20.—The entry of the United States into the world war on the side of the Entente Allies was celebrated in St. Paul's Cathedral today.

King George and Queen Mary and numerous members of the royal household, the mayor of the city, six boroughs of London, dressed in their official robes, peers, eminent ministers, the ambassadors and ministers of the Entente countries with their staffs; high army and naval officials and British-American including Walter Hines Page, the American ambassador and his staff, were present.

Not a seat in the vast edifice was vacant.

The service was an impressive one, and King George evinced the deepest interest in it. The sermon was preached by the Rev. C. H. Brent, Episcopal bishop of the Philippine Islands. The archbishop of Canterbury delivered the benediction.

Arise for American Anthem  
The entire congregation arose near

the end of the service when the band played "The Star Spangled Banner" and there was audible throughout the Cathedral the sound of subdued voices singing the anthem. Even King George's lips moved as he followed the words "The home of the brave" brought a smile to the monarch's face and he turned and nodded to the Queen.

"God Save the King" was a great vocal chorus in which everyone in the Cathedral participated except King George. A large American flag and the Union Jack were the only decorations in the Cathedral.

Flags All Over Kingdom  
There was a great display of American flags in London and all other English towns, and a popular demonstration by the crowd which surrounded the cathedral. The Stars and Stripes floated from the highest lower of the Parliament buildings at Westminster—the first time a foreign flag was ever displayed on that eminence—and drew above all Government buildings in the British capital. The service in the historic cathedral, where the most momentous occasions of national rejoicing and mourning have been solemnized, was unprecedented in being the commemoration of an act and decision of another nation.

The American Embassy and consular staffs occupied front seats with representatives of the Pilgrims, the American Society, the American Luncheon Club and the American Chamber of Commerce. In the diplomatic section were officers in the uniform of France, Russia, Italy, Belgium, Serbia, Montenegro, Roumania and Japan.

SHIPPERS ARE DIVIDED ON  
INCREASED FREIGHT RATE

Washington, April 20.—Representatives of shippers from all over the country today gave the Interstate Commerce Commission their views regarding the commission's tentative order permitting the railroads to file freight rate increases of fifteen per cent effective June 1. Many of the speakers favored an advance of some sort, providing the railroads could prove it necessary. Some advocated an immediate increase on the ground that it would be cheaper to pay the increase than to suffer losses later through lack of transportation equipment, and others refused to uphold any upward change, saying that no need of it existed.

The primary purpose of today's hearings was to bring out for the benefit of the commission shippers' opinion, regarding any general investigation that may be held before a final decision is reached concerning the tentative order.

When the back begins to ache. Don't wait until backache becomes chronic. Till kidney troubles develop. Profit by a Maysville woman's experience.

Mrs. R. W. Lauderback, W. Second St., Maysville, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and commenced use entirely cured me of the trouble." GERMAN TOWN UNDER SIEGE

London, April 21 (10 a. m.)—Ten thousand strikers, mostly munitions workers, tried to burn the town hall at Magdeburg Friday, according to a dispatch to the Exchange Telegraph Company from Oldenzaal, Holland. Soldiers fired on the rioters, killing many, and the town now is in a state of siege.

## NERVOUS BREAKDOWN

Stamford, Conn. Nurse Tells How She Found Health.

Stamford, Conn.—"I am a nurse and suffered from a nervous breakdown. I had no appetite and could not sleep at night, and nothing seemed to help me. By chance I heard of Vinol, and after taking the first bottle I noticed an improvement, and four bottles made me well and strong. It gave me a hearty appetite, so I can sleep soundly night or day. I consider Vinol a wonderful tonic." Edith R. Forbes, Stamford, Conn.

The reason Vinol is so successful in overcoming such conditions is because it is a constitutional remedy and goes to the seat of the trouble. It is the greatest strength creator we know—due to the beef and cod liver peptones, iron and manganese peptones, and glycerophosphates which it contains, all dissolved in a pure medicinal wine.

We have seen so many wonderful recoveries like this right here in Maysville caused by Vinol, that we feel perfectly safe in offering to return money in every such case where Vinol fails to benefit. J. C. Pecor Drug Co., Maysville, Ky. Also at leading drug store in all Kentucky towns.

IN ATTEMPTED DESEDITION

Amsterdam, via London, April 20.—More than 500 German fanatics, sailors and landsturmiers on Monday evening, tried to cross the Dutch-Belgian frontier from the environs of Knoeke to Gear Candaud, Holland, says the Handelsblad, but the attempted desertion was frustrated after the party had been pursued and attacked by the Germans.

The deserters were fired on by the Germans with machine guns and in a fight which lasted a half hour, thirty-eight of the deserters were wounded. The mounted guard along the frontier, the newspaper adds, has since been doubled.

### INCREASED FREIGHT RATE TARIFFS ARE REQUESTED

Washington, April 19.—The Interstate Commerce Commission today issued a tentative order permitting the railroads to file supplemental tariffs increasing freight rates 15 per cent, as applied for, effective June 1.

The commission's order was made tentative so that shippers and other interested organizations might state their views upon it at a hearing beginning here tomorrow.

At the close of the hearing should the commission deem it desirable to adopt another method in dealing with the application for a general increase the tentative order will be withdrawn, leaving the situation as it was before the order was issued.

All commodities with the exception of bituminous coal and coke and iron, upon which advances already have been made, are included in the commission's order.

The tentative order exempts terminal rates, charges and allowances, or absorption and rates and charges for demurrage, weighing, switching, car service, diversion, reconsignment, refrigeration, icing, storage, elevation and other transit or special services.

The filing of supplemental tariffs, provided for, is permitted as a time saver and convenience to the railroads. It has been estimated that several months would be required to compile the thousands of individual tariffs, which would be affected by the increase.

Expected commodities in their order are bituminous coal and coke from producing fields in Pennsylvania, Maryland, West Virginia, Virginia, Kentucky, Tennessee and Ohio, to Atlantic seaboard and Great Lake ports and in the case of coke from ovens in West Virginia, Kentucky and Virginia furnaces within those states and iron ore from producing points in the Middle West to furnaces.

Exception also was made as to proposed increased rates on Southern lines on coal and coke.

### FLEMING COMMERCIAL CLUB WILL BACK FAIR

Flemingsburg, Ky., April 19.—At a meeting of the Flemingsburg Commercial Club held Thursday evening, annual dues were fixed at \$15 and professional men may become honorary members by paying a fee of \$5. The club will donate its money to financing the agricultural fair, a Fourth of July celebration and providing a rest room for women from out of town.

### SENATE FAVORS PRESS CENSORSHIP

Washington, April 20.—The Senate reported itself today in favor of press censorship during the war.

A censorship clause of the administration's espionage bill, after decided modification, was retained in the bill by a vote of 43 to 23, in which partisan division was disregarded. The vote came after three days of short debate and was regarded as definitely forecasting final retention of the censorship provision.

Later, the bill, still far from completed, was laid aside indefinitely to permit consideration, beginning tomorrow, of the war army measure. The House Judiciary committee has completed its draft of the espionage bill, also with a censorship clause and will report it Monday. The provision as finally accepted by the Senate follows:

"Whoever, in time of war, in violation of reasonable regulations to be prescribed by the President, which he is hereby authorized to make and promulgate, shall publish any information with respect to the movement, number, description, condition or disposition of any of the armed forces, ships, aircraft, or war materials of the United States, or with respect to the plans or conduct of any naval or military operation, or with respect to any work or measure undertaken, for or connected with, or intended or for the fortification of defense of any place, or any other information relating to the public defense calculated to be useful to the enemy, shall be punished by a fine of not more than \$10,000 or by imprisonment, provided that nothing in this section shall be considered to limit or restrict, for shall any regulation herein provided for limit or restrict any discussion, comment or criticism of the acts or policies of the government, or its representatives or the publication of the same."

Advocates of the provision admitted that it would confer wide powers upon the President to restrict press or by individuals, in speeches, publication of military matter in the or otherwise. Its foes declared that it was unconstitutional and the most drastic curb upon freedom of speech and the press, guaranteed by the constitution, ever proposed during the nation's entire history.

Before the final vote the original committee draft, much more sweeping and drastic, was greatly modified.

A substitute for the whole clause, submitted by Senator Cummins, of Iowa, was rejected by a vote of 40 to 34.

### VILLA QUOTED AS OPPOSING ALIGNMENT WITH GERMANY

El Paso, Texas, April 20.—Coming direct from Villa's camp on the Conchos river, a delegate from the Mexican leader is said to have passed through here recently en route to the interior of the United States to deliver documents to Miguel Diaz Lombard, who is understood to be Villa's choice for provisional president of his proposed government.

The Villa courier is said to have told a Villa partisan here that he would deliver papers to Lombard instructing him to go at once to Washington and deny that any Germans were in Villa's command, and to state that Villa would oppose by force any efforts of any Mexican faction to align his people with the Germans.

### T. S. DISCIPLINARY SERGEANT IS DETAINED TO UNIVERSITY

Washington, April 20.—The War Department today announced that Sergeant George Robinson, of the Third Disciplinary Company, United States Disciplinary Barracks, has been transferred as sergeant of infantry and detailed to duty at the University of Kentucky to take effect April 25. He will report there to the professor of military science and tactics.

### TAX ON LOWER INCOMES IS TRIGGED IN COMMITTEE

Washington, April 20.—Opposition to many of Secretary McAdoo's suggestions as to possible new sources of revenue developed today when the Ways and Means Committee met for the first time to consider raising money by taxation to meet war expenditures. No final votes were taken on any proposals, but the preliminary discussion showed that the little time will be required to reconcile the widely divergent views of various members.

No partisan differences arose, however, and this strengthened Democratic Leader Kitchin's belief that a bill be agreed upon within two weeks. Vigorous protests are being made both to the committee and Secretary McAdoo against the suggestion that the excess profit tax be increased. A flat war tax of 3 per cent or more of the net profits of all corporations is being suggested by opponents of the proposed excess profit tax increase.

The question of making both proposed increased income and excess profit taxes retroactive was discussed at length by the committee without a final decision being reached. Feeling prevailed generally in the committee that the income exemption should be lowered, it was said, and it is probable that the Secretary's suggestion of a \$1,500 exemption for single persons and \$2,000 for married ones will be adopted.

### HOARDING OF FOOD IS RAPID BY CONFERENCE

Frankfort, Ky., April 20.—Governor Stanley today held a conference with 100 men representing practically every line of business in Kentucky for the purpose of conserving the food supply in Kentucky. The conference was from every section of the State. The banker present pledged that they would give their support to the movement to the extent that they would furnish funds to the farmers to purchase seed to sow their crops. At the suggestion of State Banking Commissioner Sherer, the president of the State Bankers' Association will call a meeting of the representatives of the banks in Kentucky for the purpose of ascertaining how far the banks can aid in this crisis.

Governor Stanley was given authority by the conference to, or, to the State and put speakers into the field. There was a strong sentiment expressed at the conference by

all the speakers that the most patriotic thing that could be done now was not to purchase more than was necessary.

Attorney General Logan stated today that he would investigate the high cost of living in Kentucky. He said that under the law in this State men entering into a combination for the purpose of increasing the price of products above their value could be punished. He will begin his investigation at once.

### WAY IS CLEARED

For Army Fight in the National Congress—Preliminary skirmishes in House and Senate are completed.

Washington, April 21.—President Wilson's fight to organize a wartime army in accordance with advice of the War Department and the army general staff, will begin in earnest Monday in both houses of Congress.

In the Senate today the administration bill, supported by Senator Chamberlain, chairman of the Military Committee, and a majority of his committee associates, was formally started on its way to a vote. There was some debate, parliamentary tangles were disposed of, and the way cleared for uninterrupted consideration of the measure.

In the House both the majority and minority reports were presented from the Military Committee and the bill will come up Monday, with Representative Kahn, ranking Republican, leading the committee's minority fight for the administration plan unamended, while Chairman Dent, heading the majority of the committee, directs the opposition, urging trial of a volunteer system before resorting to the selective draft of the War Department plan.

**Report Based on Baker Letter**  
The minority report, signed by eight members of the committee, rests for authority on a letter from Secretary Baker to Chairman Dent, declaring the opinion that any compromise on the department's plan "would be attended by unfortunate results."

The majority report, signed by Chairman Dent and eleven others, says in part:  
"The bill authorizes, but does not direct, the President to issue a call for a volunteer army of 200,000 in the first place, and of an additional force of 500,000 if necessary, under the law now in existence."

"The bill further authorizes the President to proceed at once with the registration of all male citizens between the ages of 21 and 40 as provided in the plan of the War Department for a draft, so that all of the machinery authorizing the draft of 500,000 for the first force and all of the additional 500,000 will be put in operation at once."

### Large Bible Class

In the Men's Bible Class at the Christian Church yesterday morning there were 65 men present, a large number. This church always has boasted of a large men's class. Beginning with next Sunday they will have a separate room from the rest of the Sunday School during the study hour.

### Special Speaker

B. A. Doan gave three helpful addresses at the Christian Church. His talk to the men was one of the best ever given to that class. In the church the addresses on missions were very impressive. The members who had voted to become a living link and support their own missionary made additional pledges to the amount of \$371. This amount will be brought up to \$400 and with that already pledged will make the \$600 necessary. J. T. Kackley will act as the special Living Link Treasurer. Those desiring to make additional pledges could see him or L. H. Young or the church clerk, A. H. Thompson.
